

Technical course

From Gravure to Flexo printing

Flexo printing has overtaken gravure printing in a big range of applications. Several factors, including sustainability, cost, ink type and more need to be considered before choosing between flexo and gravure printing.

If you are thinking about adopting the flexographic printing technology this training course will allow to understand and learn the advantages and limits of the transition.

14th June 2024

Comexi Asia Pacific
28 Bangkok-Chon Buri New Line,
Prawet, Bangkok 10250

Accredited course with a
diploma of participation

Program fee: 7900 Baht (200 Euro)
