

Manel Xifra Boada

Webinar

Central drum & tension control maintenance of flexographic printing press

- 4th November 2021 at 11:00 am (GMT+1)
- 1.5 hours
- **English language**
- Certificate of attendance. Limited places.
- € 210 EUR (taxes not included)

In this online training we will review the maintenance operations of the central drum printing system and we will talk about the main preventive maintenance actions in tension control elements such as dancer roller adjustments and load cells.

Aimed to flexo maintenance operators and maintenance managers.

The Comexi specialists will be at your disposal to answer any questions or doubts you may have.

Register by clicking on the **registration link**. We will contact you to complete registration details and information.
